Dear Whitman County Association of Realtors®:

Thank you for your advocacy and support of Pullman Regional Hospital. We are excited to continue the third annual Homes For Health program and appreciate your willingness to participate in partnership with Pullman Regional Hospital.

Together, with the Realtors® of Whitman County, Pullman Regional Hospital Foundation seeks to create a partnership that is mutually beneficial for all who reside in our region. Your participation in Homes For Health in 2020 will help ease the financial burden that the COVID-19 pandemic has created at Pullman Regional Hospital.

As we look to expand the Homes For Health program, we envision affiliates of the home sales market participating in the program as well. Affiliates such as: title companies, inspectors and lenders may all take a part in the Homes For Health program and are being invited to participate this year. Your continued advocacy for this program and the impact it will have on helping meet the \$2 million fundraising working goal for the COVID-19 Pullman Regional Hospital Fund is appreciated.

Attached to this email, please find a video explaining the hospital's current situation and how you can help. Also attached is a sponsorship form for you to complete and send in with your donation.

We hope that the Homes For Health experience enhances each home sale this year and that it gives each home buyer a sense of ownership and belonging in our community. Together, participating brokers, real estate agents, Realtors®, home sales affiliates and Pullman Regional Hospital Foundation will build a stronger and healthier region.

Thank you,

Rueben Mayes, MBA, CFRE
